

- Site setup with water-filled barriers, fencing and debris netting to safely segregate works from the public.
- Kerb removal and installation to widen and realign the road and footways.
- Installation of drainage assets
- New signage/signposts.
- Full road construction works.
- Lifting and reinstalling paving slabs, including dedicated cutting zones with acoustic barriers and dust suppression to minimise noise and dust.

Impact & Controls

- Clearly defined pedestrian routes and maintained access.
- Noise and dust kept to a minimum using suppression systems and screened cutting areas.
- All works fully segregated for public safety.
- Works only carried out within our permitted working hours.

Improving the Site

As part of our commitment to supporting local businesses and the wider community, we will soon be installing new site banners around the project. These banners will provide clear information about the works, improve the appearance of the site, and help reassure visitors that businesses remain open throughout the project.

Get in Touch

If you have any questions or concerns about the Castle Street Improvements, please contact us:

Email: talktous@hotmail.co.uk

Public Liaison: 07977 091261

Our next fortnightly e-bulletin will be issued on **10 July**, when we will provide further updates on progress and upcoming works.

Thank you for your continued patience and support while these works are carried out.
